Portfolio Website

CAREER SUMMARY:

Web Developer with 6 months of experience in building responsive websites and web apps using the MERN stack. Skilled in front-end and back-end development, with a focus on clean design and efficient solutions.

WORK EXPERIENCE:

Trebled | Web Developer | September, 2024 - Present

- Developed and maintained web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built and customized websites on WIX, WordPress, and Webflow to meet client requirements.
- Implemented responsive and user-friendly designs for optimal performance.
- Collaborated with teams to enhance website functionality and user experience.

RELEVANT PROJECTS:

NETFLIX CLONE

- Developed a Netflix clone landing page using HTML, CSS, and JavaScript. The page features a responsive layout with a dark theme, interactive elements like carousels, and smooth animations for an engaging user experience.

TODO LIST

- Built a to-do list application using React for the frontend. The app allows users to add, edit, delete, and mark tasks as complete, with real-time updates and a user-friendly interface.

E-COMMERCE WEBSITE

- Developed an e-commerce website using React for the frontend, Express and Node.js for the backend, and MongoDB for the database. The site supports product listings, user authentication, shopping cart functionality, and order management, providing a seamless shopping experience.

EDUCATION:

2021-2024 | Nagindas khandwala college

Bachelor of Commerce (BCOM)

CERTIFICATION:

2024 | CM Techno Solutions

FULL STACK WEB DEVELOPMENT

SKILLS:
